■ General Terms and Conditions of Lease of btl next GmbH

Amtsgericht Düsseldorf (registration court) – HRB 90111

Managing Director: Michael Terwint

1. Applicability, Preface

- a) The following General Terms and Conditions of Lease (hereinafter GTCL) are part of all our offers and contracts regarding a lease and shall also be applied to all future lease contracts with the renter. As far as there are deliverables and performance (e.g. program compilations, planning, construction and assembly work) to be carried out on the basis of a lease contract, our General Terms and Conditions (GTC) shall also apply in this context.
- b) We do not recognize any general terms and conditions of the renter which are in opposition or deviate from our conditions of lease, unless we have explicitly consented in written form to their validity. Our GTCL shall also apply if we leave the lease object to the renter unconditionally and without restriction despite our knowledge of general terms and conditions of the renter which are in opposition or deviate from our GTCL. All agreements made between the renter and us for the purpose of carrying out this contract are fixed in writing in the individual contract including these conditions and, in the case of Nr. 1. a) second sentence, the GTC.
- c) Our offers are subject to change unless they have been explicitly marked as binding. The lease contract is considered as awarded upon receipt of our written order confirmation or when the lease object is handed over.
- d) Consumer in the sense of these GTCL is a natural person unless the purpose of conveyance of the lease object is predominantly of commercial nature or can be attributed to his or her self-employed professional activity. Whereas Entrepreneur in the sense of the GTC are natural persons, legal entities or partnerships which act on behalf of their commercial or self-employed professional activity in the moment of concluding the contract. Renter in the sense of these GTCL are Consumers and Entrepreneurs likewise.

2. Lease Object

Subject of the lease contract are the individual devices listed in our order confirmation including accessories. We reserve the right to replace the listed devices with other devices of the same quality.

3. Lease Period, Leasing Price, Deadlines, Force Majeure

- a) The lease period commences and ends at the points in time stated in the relevant lease contract, at the latest at the relinquishment and at the earliest at the restoration of the object of lease respectively.
- b) The rental fee to be paid is stated in the lease contract. If there is no rental fee included in the contract for individual relinquished items, the usually invoiced and appropriate rental fee shall apply.
- c) If we fail to deliver the leased device in time, the renter shall grant us an appropriate period of grace.
- d) If the renter should get into default of acceptance or if the renter negligently breaches his obligation to co-operate, he is obliged to pay the rental fee in full for the period of default of acceptance or the period of default caused by the violation of the obligation to co-operate. We reserve the right to demand compensation for damages including any additional expenses.
- e) War, strikes, lock-outs, lack of raw materials and energy supply, operational and transport interruptions and official orders—also if such events make the execution of the business concerned uneconomical for the foreseeable future—as well as all cases of force majeure, any of which could also affect our suppliers, release us from our duties arising from the lease contract for the duration of the interruption and the scope of their effects. Such events entitle us to withdraw entirely or partly from the contract without granting the renter being entitled to demand compensation.

4. Shipment, Packaging, Risk of Loss

- a) The shipment of lease objects is made in standard packaging only. Should the Entrepreneur request the lease object to be shipped to a place other than the agreed place of fulfillment, the risk of loss is passed on to the Entrepreneur as soon as the lease object is handed over to the transport company or when the leased object is loaded onto vehicles of the Entrepreneur. The route of shipment and the means of transport shall be determined by us unless otherwise agreed. This also applies if the means of transport and the transport company are selected by us and also if we bear the transport costs by way of exception. If the shipment should be delayed due to reasons the renter is responsible for, the risk of loss shall be passed on to the renter on the date when the renter upon receipt of the readiness for shipment notification.

- b) The renter shall make complaints with respect to transport damage directly to the transport company within the special time periods stipulated therefore and shall notify us thereof. Any Consumer's warranty rights remain unaffected by this provision.

5. Payment of the Rental Fee

- a) If the rental fee is to be paid in a single payment pursuant to the lease contract, the rental fee is due immediately after the agreed ending date of the lease and the invoiced amount shall be paid in full by the Entrepreneur within 30 days after the ending date of the lease, and by the Consumer within 30 days after receipt of our invoice. We reserve the right to fully or in part demand payment of the agreed rental fee in advance. If the rental fee is invoiced on a monthly basis, it shall be paid monthly in advance.
- b) We are not obliged to accept checks or bills of exchange. Checks and bills of exchange shall only be accepted on account of performance.
- c) If the renter defaults on a payment incumbent on him, we shall, irrespective of whether further default damage is claimed, be entitled to invoice default interest at the rate of five percent above the ECB base rate for Consumers and at the rate of nine percent above the ECB base rate for Entrepreneurs. Vis-à-vis Entrepreneurs we have a legal entitlement to payment of a flat charge amounting to EUR 40 in the case of default of payment.
- d) Setting off a claim with counterclaims is excluded unless it takes place with a debt which has been recognized by us or has become res judicata or which originates from the same contractual relationship. Rights of retention are excluded for Entrepreneurs. Consumers can only exercise a right of retention if their counterclaim is based upon the same contractual relationship.
- e) If there are doubts concerning the renter's solvency, particularly if there are payments in arrears, we can request securities and revoke agreed payment targets irrespective of further claims.
- f) We reserve the right of cession as well as the right of entitlement of a third party to collect our claim against the renter. The renter has to obey the directions of these third parties to whom we have ceded the claim and of the third parties we have permitted to collect the debt respectively. Any objections or exceptions of the renter remain unaffected.
- g) Payments with discharging effect can only be performed to PMF Factoring GmbH to which we have ceded our claims based upon the business relationship with the renter by means of a factoring contract. This does not apply to amounts of prepayment, up-front payment and down payment.

6. Warranty, Compensation, Limitation of Liability

- a) If there are justified complaints due to defects of the lease object, we shall rectify the defect or replace the defective lease object with a faultless one depending on our choice or release the renter from the contract. If we have decided to rectify the defect or to replace the defective lease object with a faultless one and both remedies show to have failed ultimately, the renter shall be entitled to demand a termination of the leasing relationship.
- b) If the lease object is examined upon the renter's request and if the lease object does not show any defects during that examination, the renter shall reimburse the expenditure which we thus incurred or which came about due to work on the lease object.
- c) If the renter further processes the lease object or carries out modifications thereto, a warranty based on defects of the lease object is excluded.
- d) As far as nothing else is agreed upon in the contract, the following applies for our liability:
 - Our contractual and non-contractual liability is confined to claims that are based on intent or gross negligence, unless the violation affects an essential contractual duty. In case of the violation of such an essential contractual duty caused by ordinary negligence, the liability for compensation is limited to the, typically occurring, direct damage which was foreseeable in the moment of the conclusion of the contract.
 - The term essential contractual duty is defined as a duty whose fulfillment in the first place permits the duly execution of the contract and on whose observance the other party may rely under regular circumstances.
 - For Entrepreneurs the limitation of claims for compensation begins with the end of the month containing the closing date of the assignment irrespective of awareness, unless the claim can be based on intent.

- The above limitations of liability equally apply to the liability of legal representatives and any auxiliary persons.
 - The compulsory liability pursuant to the German Product Liability Act (Produkthaftungsgesetz), the pre-contractual liability, the liability for any guarantees or fraudulent intent as well as the liability for faulty damage to life, body and health remains unaffected.
 - e) Compensation claims of the renter due to delays or the impossibility to lease are limited to the agreed rental fee of the delayed or missing lease object except in case of gross negligence or intent.
- 7. Use and Maintenance of the Lease Object**
- a) The renter is obliged to use the lease object with due care and in a proper way. In particular, the renter has to carefully observe the instructions for use and the recommendations for maintenance and care which were supplied with the lease object. The renter is furthermore obliged to insure the lease object in the manner common for this sector of industry, amounting to the replacement value.
 - b) Serial numbers, manufacturer signs and other identification means which are attached to the lease object may not be removed, covered or distorted in any way.
 - c) The renter is only entitled to carry out modifications, installations, extensions and similar work to the lease object with our prior written consent. Upon our request, the renter shall at the time of termination of the leasing contract be obliged to reproduce the previous condition of the lease object and bear the costs thereof. If we do not exercise this right at the time the leasing contract is terminated and if the renter returns the lease object in the condition produced by him, the renter cannot demand reimbursement of the costs incurred for the modification, installation, extension and similar work carried out to the lease object.
 - d) The renter is responsible for all damage which occurs due to improper use of the lease object.
- 8. Loss of the Lease Object**
- a) The renter bears the risk of an accidental loss and an accidental deterioration of the lease object for the duration of the leasing contract. Such events do not release the renter from observing the duties accepted in the leasing contract, in particular, the payment of the rental fee. The renter is obliged to inform us in writing without delay should one of these events occur.
 - b) If the renter is responsible for the loss or the deterioration of the lease object, the renter is obliged, depending on our choice, to put the lease object back in its contractual condition or to replace the lease object with another one of a similar quality and to transfer to us the ownership thereof or to reimburse the value of the lost or the loss of value of the deteriorated lease object. If we choose reimbursement, we shall, if possible, furnish the renter with a lease object of a similar quality in order to continue the lease contract.

In particular, the renter shall inform us without delay via telephone of any announced or already processed garnishment, seizure or other third-party influence on the devices (e.g. by means of a levy of execution) and confirm this to us in writing or via facsimile within 24 hours. The renter shall make our rights of ownership clear to any third party and shall explicitly inform third parties of this, if necessary.

 - c) If the lease object is not returned in the same condition, the renter shall compensate us for the damage incurred, in particular pay the agreed rental fee pro rata for the duration of any repair. 12. Data Protection pursuant to EU General Data Protection Regulation (GDPR)

- a) General remarks

Personal data collected and processed by us in connection with contract conclusion and contract processing serves the exclusive purpose of contract establishment, content-related formulation, contract execution or processing (art. 6 sect. 1 b GDPR). It is not forwarded to third parties as a matter of principle. For payment processing purposes, the payment data required for this will be forwarded to the credit institution commissioned to execute payment, the factoring provider appointed and the shipping contractor employed should shipping services be needed. Usage of personal data thus occurs to the extent necessary only or insofar as we are obliged to do so by law or court judgment or, if necessary, in order to prevent the misuse of our IT infrastructure.
- b) Storage

We store the personal data of the renter beyond the end of the purpose for which the data was collected for only as long as this is required by law (notably tax law).
- c) Rights of the renter with regard to his or her personal data

 - The renter revokes the consent he gave, on which the processing of his data was based, and there is no other legal basis for the processing;
 - The personal data was processed unlawfully.
 - The right to deletion does not exist insofar as the personal data is required for the assertion, exercise or defense of our legal claims.
 - dd) Limitation of processing

The renter is entitled to demand of us that the processing of his data be limited if

 - the renter disputes the correctness of the data, and we therefore examine the correctness;

 - the renter has objected to the processing of his or her data, and it has not yet been established whether our justified reasons outweigh the renter's reasons.
 - ee) Data transferability

The renter is entitled to receive the personal data concerning him or her that he or she has made available to us in a structured, standard and machine-readable format and to have it transferred by us without hindrance to another responsible party insofar as the processing is based on the former's consent or a contract and is carried out by us with the aid of automated procedures.

- ff) Right of revocation
Insofar as the processing of the renter's data is based on his consent, he is entitled to revoke his consent at any time.
